# About BBS

The Business Bike Share program was inspired by the evening bike rides taken by Cohort Two of the Wabash Valley Leadership Institute. After finishing their week of learning in October of 2014, the group of leaders walked away knowing they wanted to make bikes more widely available throughout the community. The Business Bike Share Program is the end result.

This program is designed to make starting a bike program within your company easy. The BBS has all the information you need to get started - how to order the bikes, a training course and liability waiver for your participants, deals on the decals you need to make it your own and the information needed to install a bike rack.

Century 21 is the first participant in the program and the Terre Haute Chamber of Commerce is serving the coordinator of the program and source of information for businesses. Other partners in the program include J's Bikes, Tabco and the City of Terre Haute.

For more information about BBS, visit [www.terrehautechamber.com](http://www.terrehautechamber.com) or call (812) 232-2391.

# Bikes

J's Bikes is the proud provider of bikes for BBS.  
Below are the types and colors of bikes available.

## **Bikes purchased through this program will include:**

- Free tune-up for each bike within first year
- Bike 101 workshop for employees of the organization/company purchasing the package. Includes safety tips for riding in the downtown area, helmet safety, locking bikes appropriately, etc.

# Outdoor Bike Racks

---

The BBS has worked with the Terre Haute Board of Public Works to make approval of your outdoor bike rack as easy as possible.

Just reach out to the contact below with the details on the specific placement of your rack and we will forward to the Board of Works office for approval.

# Maps

Below is a map of all locations in the downtown area where bike racks are currently available. This list is constantly updated at [www.terrehautechamber.com](http://www.terrehautechamber.com).

# Liability Waiver

Below is an example of a liability waiver you can utilize before providing your employees access to the bikes. Signed waivers are also a good way of tracking how many individuals from within your company are participating in the program.

## **Business Bike Share Program Acknowledgement of Risk and Waiver of Liability**

*This form is to be signed by all individuals who request a bike share bicycle. Each item below must be initialed.*

I understand the nature of bicycling activities, and I testify that I am qualified, in good health, and in proper physical condition to participate in such activities. I further acknowledge that biking may be conducted over roads and facilities that are open to the public; thereby increasing hazards to cyclists.

\_\_\_\_\_. (Initial here)

I fully understand that bicycling may include activities that bear risks and danger from which bodily injury, including permanent disability, paralysis, and death ("asks") may occur. I also acknowledge of others participating in the activity, the condition in which the activity takes place, or the possible negligence of other parties. I also realize that there may be other risks such as social and/or economic losses, either not known to me or not readily foreseeable at this time, and I fully accept and assume all responsibility for such risks and losses.

\_\_\_\_\_. (Initial here)

I, in consideration of being allowed to use this bicycle, do hereby agree to defend, save and hold harmless, discharge and release \_\_\_\_\_ (insert business here), their officers, trustees, employees, students, and volunteer from any and all liability, claims, causes of action, damages, or demands of any kind and nature whatsoever that may arise from or in connection with my use of this bicycle.

\_\_\_\_\_. (Initial here)

I hereby agree to treat these bicycles in a safe and proper manner and return them to the appropriate space when done. This includes refraining from serious off-road terrain, "trick" riding or jumping of the bicycles. \_\_\_\_\_ (insert business here) recommends and strongly encourages anyone riding a bike to wear a safety helmet. Bicyclists should also be familiar with bicycle laws and rules. Bicycles should not be used when light conditions outside are dim. I will only use these bicycles for recreational purposes. Additionally, if a bike needs repair, I will inform the HUMAN RECOURCES DEPARTMENT and/or FACILITIES DEPARTMENT.

\_\_\_\_\_. (Initial here)

In signing this Acknowledgement of Risk and Waiver of Liability I hereby acknowledge and represent: (a) that I have read this document in its entirety, understand it, and sign it voluntarily; (b) that I am of legal age; and (c) that this Acknowledgement of Risk and Waiver of Liability is the entire agreement between parties hereto and their terms are contractual and not a mere recital.

\_\_\_\_\_  
\_\_\_\_\_  
Printed Name  
Participant Signature \_\_\_\_\_ Date

This form is available as a word document at  
[www.terrehautechamber.com](http://www.terrehautechamber.com)

# For Non-Profits

---

If you are a non-profit company who would like to implement this program, there are several funding options available. Below are links to information that could be useful as you begin your program:
